SLEEPER, by Thom Richardson, screenwriter. Up until now, marriage has been smooth sailing for Jennifer Jones. But after suffering a miscarriage, she begins to question her happiness and whether the spark in her marriage has dimmed. She shrugs it off as a 7-year itch and gives her husband, Freddy, who is content in their relationship, the benefit of the doubt. Things take an unexpected turn when Jennifer catches Freddy in a few unassuming lies. And when a sudden accident throws Freddy into a coma, Jennifer is left to pick up the pieces and reconcile everything for herself. With Freddy in the hospital, a larger story begins to unfold - something that might just be Jennifer's worst nightmare - prompting her to question if she ever really knew the man she was married to.

SLEEPER is produced with the participation of Bell Media. Jean Bureau and Ian Whitehead will produce the film for Incendo; Executive Producer is Mr. Jean Bureau.
