

DESCRIPTION

Ryanfire Graphite Strap is an intumescent graphite strap which rapidly expands upon exposure to heat. It is a flexible rubberised strip which can be cut to the required length.

Ryanfire Graphite Strap is designed to maintain the fire resistance around combustible and insulated non-combustible service penetrations in fire rated walls and floors.

CERTIFICATION

Ryanfire Graphite Strap has been tested and assessed in accordance with AS1530.4:2014 and AS4072.1:2005 at IANZ/NATA accredited laboratories.

APPLICATION

Ryanfire Graphite Strap has been tested in various types of walls and floors including plasterboard, masonry, concrete & Korok walls and concrete & timber infill floors.

The strap is suitable to protect a wide range of services :

uPVC	PE-RT	Polybutylene
HDPE	PEX	HVAC bundle
Insulated metal pipes	Conduits	Timber beams

PRODUCT DIMENSIONS

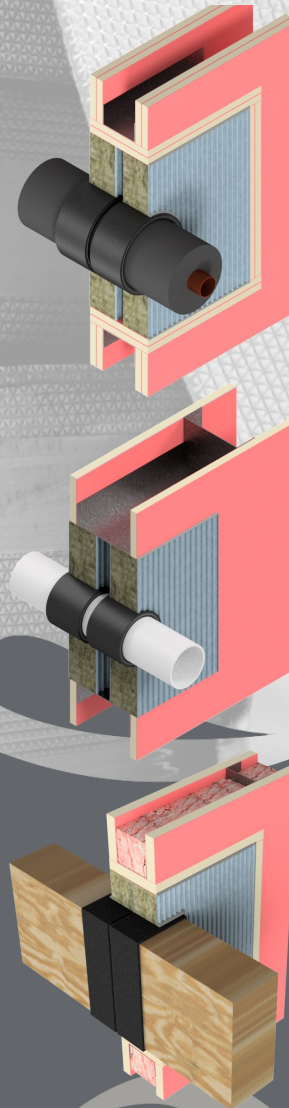

Ryanfire Graphite Strap is available in 60mm x 4mm x 10m rolls.

Colour : Black
