

# Industry Update

› APRIL 2021 ISSUE

## WELCOME

*Welcome to the April newsletter,*

This month, I update you on a busy couple of months for the association, starting with the seminars and careers events we are working on. Over the next two months, we will be delivering a range of content to our members and to those looking to join our industry workforce. For more details, please see the updates below and how these will affect your own organisations.

### Get it Right Seminars NZS 4512:2021 – June & July 2021

The next round of seminars is now locked in and open for bookings. The first cab off the rank will be “Get it Right – Introducing NZS 4512:2021”. These seminars will be delivered by key members of the P4512 revision committee (David Prosser, Craig Barnett, Jason Godsmark, Scott Lawson). Plenty of time will be allocated to Q&A, so this is a great opportunity to find out how the new standard will impact on your business and the installation and servicing of fire alarm systems. The registration form is located on page 8-10 of the newsletter.

### Passive Seminar – June 2021

We are finalising the first passive seminar, which will be rolled out on 22 June in Christchurch. This will be followed by other sessions in Dunedin, Wellington, and Auckland in July/August. We will release further details on this seminar series in the next couple of weeks, so keep an eye out for further details in your inbox.

Scott Lawson

### Pumps and Pumphouse Design – Seeking Expressions of Interest

We are also working on the development of a Get it Right seminar on sprinkler pump house design and pumps. If this seminar would be of interest to your staff, please email us at [info@fpanz.org](mailto:info@fpanz.org) with your expression of interest, including how many staff you would send and preferred location. Places will be limited, and this could be a multi-day event held in Auckland and Christchurch.

### Careers Expo Update

As previously reported, and following on from positive comments in the members’ survey on employment and careers, we have committed to promoting the fire industry in the school leaver space. We have been working on our marketing collateral and are booked to attend the Dunedin careers expo on 9 June 2021 and the Wellington careers expo on 25 and 26 June 2021. We will be using these to gauge how best to interact with school leavers, parents, and careers advisors in efforts to promote and bring new blood into our industry. We will also be reaching out to our members in these locations before these events to enable us to connect members and young people interested in getting into our industry as a result of this campaign. If you are based in Wellington or Dunedin and are looking to bring the next generation into your business, feel free to drop us a line so we can make sure you are part of this new initiative.

FPANZ PLATINUM MEMBERS

## **FIRENZ 27–29 OCTOBER 2021**

### **FireNZ Exhibition Update**

Spaces are rapidly running out for the FireNZ tradeshow exhibition, and only limited sponsorship and stand options remain. Further details can be found on the FireNZ website (<http://firenz.org>) under the exhibitors' section.

### **FireNZ Industry Awards Gala Dinner**

We are pleased to announce that the FireNZ gala dinner will include, for the first time, the "Fire Industry Awards". The new awards, which will be open for nominations this year, are as follows:

- 】 Outstanding Engineering Achievement
- 】 Lifetime Achievement Award
- 】 Young Professionals Award

Along with the President's award for each of the three FireNZ partner organisations (FPANZ, Society of Fire Protection Engineers [SFPE], Institute of Fire Engineers [IFE]), Competenz will also be presenting the "Competenz Learner of the Year" award. Nominations will be open from 1 June via the FireNZ website (<http://firenz.org>) and will be accepted from any person or organisation within the fire industry. Membership of the FireNZ organisations is not required to nominate someone. The FireNZ Awarding Committee will consider the nominations and choose recipients. This committee is made up of representatives of FPANZ, the SFPE, and the IFE. All awards will be presented at the FireNZ gala dinner on 28 October 2021 at the Skyline Stratosfare Restaurant & Bar, Rotorua. Make sure you put the date in your calendar as spaces for this inaugural event will be limited.

### **Updated FPA Equipment Registers**

The latest version of the Fire Alarm product register, issue 5, revision 7, was released this month. We now include a change log that identifies the main changes between each revision to make the documents more user friendly. Previous revisions are also available from our website:

[http://www.fireprotection.org.nz/online-resources/FPA\\_equipment\\_registers](http://www.fireprotection.org.nz/online-resources/FPA_equipment_registers)

Issue 1 revision 4.6 of the passive equipment register has also been released. This is likely to be the last revision in the current format, as we are now into the final stages of developing the new online version. With the large volume of data being published, we are making this register more useful and easier to use. We hope to announce the new launch date in the coming weeks.

### **Membership**

We are now working through the new membership process and a backlog of applications. We would like to welcome on board new provisional members, Mitch Buckley and NO8 Fire Limited.

Until next month's update,

Regards,  
**Scott Lawson**  
*Chief Executive Officer, FPANZ*

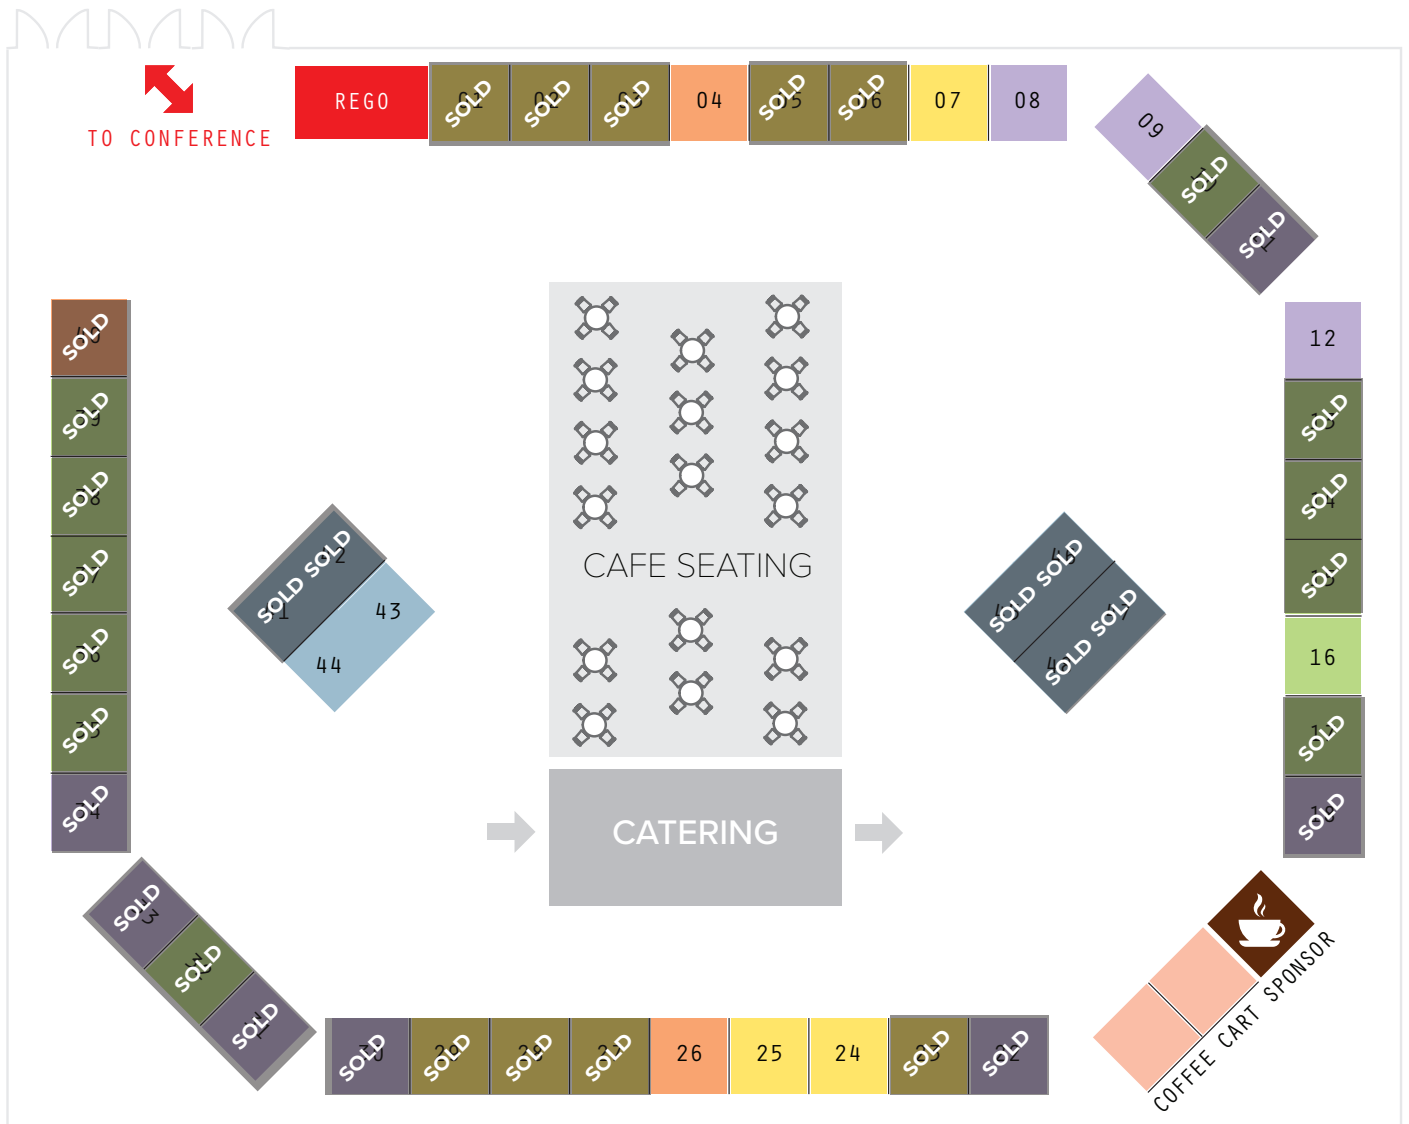

**27-29 OCTOBER 2021**  
ENERGY EVENTS CENTRE, ROTORUA

## STANDS SELLING FAST!

We have a few stands still available – be in quick to secure yours!  
Email [info@fpanz.org](mailto:info@fpanz.org) or phone 0800 037 269 for more information.

## HOFFE SIG Update

» Author **Steve Smith** – HOFFE SIG Chair

Hi folks. Well, the border is open for the first time to Australia and after 387 days, tourists are landing without having to go into isolation. Many people are reuniting with family and friends. I certainly hope that it all goes well, as it can really benefit a lot of people and companies that have suffered over the last year – also another level 4 lockdown would really hurt a lot of individuals and companies.

For many of us, this change of circumstances has provided time to get ahead, and it has been pleasing to see that reflected in the training updates from Competenz and Scott. There have been a good number of people taking advantage of the ‘free fees incentive’ and going for a level 3 HOFFE qualification. There has literally never been a better time to advance and/or quantify your skill levels, as well as gaining official recognition for your efforts.

As many of you will be aware, you can generally notice the difference between a job that has been professionally done and has the correct fire equipment, signage neatly and correctly positioned, versus some of the cowboys who haven’t been trained, aren’t qualified and may not know what they are doing. This is reflected in the market place with more companies asking for qualified people to carry out service work, and some insurers also asking about peoples’ qualifications.

The next HOFFE group meeting is on the 21st of May at the Royal NZ Yacht Squadron building in Westhaven. As usual, you can also contact Elaine and arrange to join us from your computer via a link we can send to you. We hope you can join us.

Have a great month.

Kind regards, **Steve Smith**,  
HOFFE SIG Chair 2020/2021

## Passive Fire Protection SIG Update

Author **Justin McEntyre** – Passive Fire Protection SIG Chair

### LEAD TIME MATERIALS

I'm sure I'm not the only one that is experiencing weekly headaches with freight delays and lead time materials. What was once available down the road, can now be a lengthy delay to get a hold of it. The feedback I am getting from suppliers and contractors is that the worst is not over, and we should be planning to deal with this for the remainder of this year.

For the benefit of suppliers it is always great if contractors/clients are able to advise of product requirements early on, and limit last-minute requirements. This allows suppliers time to procure and deal with international freight delays. It is always appreciated by them if their pipeline is accurate.

Similarly for contractors, it is hugely appreciated if suppliers are able to hold more stock in New Zealand and distributed throughout the country. Ordering from overseas once an order is placed by a contractor will simply not support the industry over a long period.

Specification changes to adapt to material delays are likely to be more common and contractors/specifiers should be considering confirming availability of materials before specifying a particular product. Otherwise hang in there, it will get better.

Kind Regards, **Justin McEntyre**  
Passive Fire Protection SIG Chair 2020/2021

## Use of FPANZ Logo

**Recently we have noticed that some of our FPANZ members (and even non-members) have been incorrectly using our FPA trademarked corporate logo.** This logo is not to be used by any entity without the written permission of the Chief Executive Officer and/or FPANZ Board. The purpose of this logo is to provide a corporate identity for the Association in its general course of business activities.

The FPANZ membership tier status logos shown below are licensed to be used by any financial member of FPANZ who has signed up to the FPANZ Code of Ethical Conduct and is fully compliant with all its requirements.

For a list of logo guidelines please visit our website <http://www.fireprotection.org.nz/about-us/logos>.

If you are using an incorrect logo and would like to request a membership logo for use, please email [info@fpanz.org](mailto:info@fpanz.org)

**If you are not an FPANZ member and have not gained written permission to use the FPA logo, then we ask that you remove it from your website, email signature or anywhere else that it is currently being used.**

## Evacuation Consultants SIG Update

Author **Phil Jackson** – Evacuation Consultants SIG Chair

Recently there has been a lot of conversation about when an evacuation procedure for a building should be considered. Whilst the regulations are clear, and prescribed when a scheme may be applied for, it is common to complete the procedure document with the scheme application.

If the evacuation procedure is developed at design stage, this allows the building owner, end users and fire engineers to ensure the building design and alarm configuration meets the needs of the intended end users. For example, I recently visited a building with a dementia care area that had large white strobes that activated with the alarm, if consulted, the end user may have chosen a different solution.

It is important to continue to work with building owners to ensure they understand what options they have available to them.

The Fire Information Unit (FENZ) has asked to remind persons reporting on fire drills or training as part of scheme maintenance that they can update these through the portal where they have made an online application. When submitting drill reports by email please can they be submitted as individual attachments as they are attached to the individual address points.

As usual I look forward to seeing you at the next SIG meeting, feel free to email through any queries or topics that you would like to discuss.

Regards, **Phil Jackson**  
Evacuation Consultants SIG Chair 2020/2021

## Changes to Regulations on Trial Evacuations and Training Programmes

(Fire and Emergency New Zealand (COVID-19—Fire Safety, Evacuation Procedures, and Evacuation Schemes) Amendment Regulations (No 2) 2020)

The requirement for building owners to conduct trial evacuations or evacuation training programmes will be reinstated from next Monday, 1 February 2021, provided there are no physical distancing requirements in place for the area in which the building is located. Specific exclusions have been included in the changes to accommodate those buildings which are in use as Managed Isolation and Quarantine Facilities.

Building owners are not expected to resume trial evacuations or evacuation training programmes immediately the changes come into force. To work out when the next trial evacuation or training programme notification is due, you calculate a 6-month period that excludes the time from 25 March 2020 to 31 January 2021.

This means, for example, if a building was due to have a trial evacuation conducted by 10 April, 17 days after the suspension began, there will be a requirement to conduct a trial 17 days after the changes take effect which will mean 17 February 2021. This is provided there are no physical distancing requirements in force.

**If you have any questions, please contact the Fire Information Unit on 0800 347 346 or email [fireinfo@fireandemergency.nz](mailto:fireinfo@fireandemergency.nz)**

# World's First International Sprinkler Monument

› Author **Alan Brinson** | Executive Director, European Fire Sprinkler Network

**A two-metre-high bronze sprinkler will be the world's first international sprinkler monument.**

At the centre of a roundabout on what will be called *'Plaza del Sprinkler'* it will greet visitors to Alcobendas, Spain's third largest business city. Alcobendas is just north of Madrid and is the Spanish home to many major multinational companies.

Anselmo Iglesias Poli, a famous sculptor whose monuments are found across Spain, will create the sprinkler. Emilio Rodriguez, owner of Pacisa, a leading sprinkler installer, has secured all the approvals. While he will guarantee the project, this monument will help to publicise the sprinkler concept and as such should ideally be a broad sprinkler initiative funded by as many parties as possible, all of whom will be recognised on the sculpture.

For more details please contact [Emilio.Rodriguez@pacisa.es](mailto:Emilio.Rodriguez@pacisa.es)

## "Get it Right" Seminar Series

# Fire Detection and Alarm Systems in Buildings NZS 4512:2021

### WHO SHOULD ATTEND:

The seminars are particularly aimed at those involved in design, manufacture, supply, specification, consenting, installation, inspection, maintenance, and testing of Fire Alarm Systems.

Those who should attend include:

- Fire Alarm system engineers, designers, and estimators
- Fire Alarm system installation supervisors and charge-hands
- Fire Alarm system installers and maintenance technicians
- Fire Alarm Installation inspectors
- Fire Alarm system surveyors and IQPs
- Fire Alarm system component manufacturers and suppliers
- Consent and compliance officers
- Fire safety officers

### WORKSHOP LOCATION & TIME:

<b>Dunedin:</b>	10 June 2021, Kingsgate Hotel
<b>Christchurch:</b>	11 June 2021 Riccarton Park Function Centre
<b>Wellington:</b>	24 June 2021, Sky Stadium
<b>Auckland:</b>	5 July 2021, Royal NZ Yacht Squadron 6 July 2021, Royal NZ Yacht Squadron
<b>Tauranga:</b>	7 July 2021, Baypark Stadium

### INVESTMENT:

- **Members (single) \$300 each\*** excl. GST
- **Members (multiple) \$250 each\*** excl. GST
- **Non-Members \$400 each** excl. GST

\*Available to FPA NZ Financial Members who are fully paid-up.

**Catering is provided** for this full day seminar consisting of morning/afternoon tea & lunch.

This seminar series is driven by the ongoing changes we face as an industry and the importance of selecting the right products and installing them in the right way to meet performance, design, and standards requirements.

FPA NZ is hosting a series of full-day workshops throughout the country to continue its plan of education and information to ensure that the industry is continuing to get the latest information and support.

### INTRODUCING NZS 4512:2021

**NZS 4512:2021** is a substantial revision of the 2010 edition. While the basics remain, technology and practice have marched on. Previous requirements have changed and substantial new provisions have been added. To ensure ongoing competence, it is critical for all industry participants to get up to speed with the changes.

**Key changes which will be covered include:**

- Wireless Detection Technologies - new
- Visual Alerting Devices (VADs) - new
- Networked systems - new
- Power Supplies - enhanced requirements
- Changes to Zones, Sectors, and MCP locations
- New Commissioning, Inspection, and Certification procedures & forms
- Expanded Documentation and Reporting requirements
- Changes to Monthly and Annual Testing
- Updated Isolation procedures and forms
- Seismic resistance requirements
- Additional 'Type 5' system requirements
- New requirements for Labelling and Marking
- New Installation and Cabling requirements
- New requirements for Detector installation
- New equipment functionality and testing requirements

And a myriad of other small, but significant changes you need to be aware of...

FPA NZ is fortunate to have secured key members of the P4512 revision committee to present these seminars, so they come with in-depth familiarity with all the changes.

Time will be allocated to Q&A, so please review the document (available as a free download) beforehand and bring your questions.

## SEMINAR CONTENT:

The workshop will be presented in a series of parts covering the following timing and topics:

From 8.00am	Registrations (tea and coffee)
<b>8:30am</b>	<b>Kick-off session</b>
10:15am	Morning tea
<b>10:30am</b>	<b>Second session</b>
12:15pm	Lunch
<b>1:00pm</b>	<b>Third session</b>
2:45pm	Afternoon tea
<b>3.00pm</b>	<b>Final session</b>
<b>4:00pm</b>	<b>General Q&amp;A/comments</b>
<b>4.20pm</b>	<b>Closing remarks, evaluation</b>

## WORKSHOP LOCATION & TIME:

<b>Dunedin:</b>	10 June 2021, Kingsgate Hotel
<b>Christchurch:</b>	11 June 2021 Riccarton Park Function Centre
<b>Wellington:</b>	24 June 2021, Sky Stadium
<b>Auckland:</b>	5 July 2021, Royal NZ Yacht Squadron 6 July 2021, Royal NZ Yacht Squadron
<b>Tauranga:</b>	7 July 2021, Baypark Stadium

## INVESTMENT:

- **Members (single) \$300 each\*** excl. GST
- **Members (multiple) \$250 each\*** excl. GST
- **Non-Members \$400 each** excl. GST

\*Available to FPA NZ Financial Members who are fully paid-up.

**Catering is provided** for this full day seminar consisting of morning/afternoon tea & lunch.

## PRESENTERS

### David Prosser

With almost 40 years of specialist experience in fire detection and alarm systems, David retired as Senior Product Manager with Johnson Controls in 2017. He remains actively involved with the wider Fire Protection industry on a part-time basis.

Involved with New Zealand fire detection Standards for more than 25 years, David chaired the NZS 4512:2021 revision project. He also chairs the NZS 4512/14 formal interpretation group and coordinates New Zealand's input to ISO fire detection Standards.

### Craig Barnett

With 37 years experience in the fire detection industry in all areas of the detection field, he has spent 20 + years in technical support and training roles, supporting all areas of the Wormald business. Since 2015 he has been a technical support engineer and trainer for Johnson Controls Global Products specialising in the Vigilant product range. Craig has been involved with the NZS 4512 Standard since 2009.

### Jason Godsmark

With 27 years of experience in the fire protection industry, Jason is a fire alarm specialist with expertise in all areas of the industry from testing through to contract management. He is currently the Operations and Alarms Technical Manager for New Zealand's biggest Inspectorate, Aon.

### Scott Lawson

With over 30 years of fire protection experience starting as a fire alarm technician, moving to project management with experience in the Electronics, Fire Protection, Security, ICT sectors, Scott has a passion for managing technically challenging projects. Over the last decade, Scott's project management experience has spanned across Australia, New Zealand and the Pacific Islands.

Scott has managed fire alarm product development, and APAC distribution & logistics centres for fire protection and security products and is currently the CEO of FPA NZ.

## REGISTRATION FORM

### VENUE OPTIONS

# Recruitment service

## Let us help you find the right fit for your business.

Advertise your entry-level and apprentice roles with Competenz through our online job board; we have pre-qualified and motivated jobseekers ready to match with your organisation today.

Email our recruitment specialist to discuss your options at [recruitmentsolutions@competenz.org.nz](mailto:recruitmentsolutions@competenz.org.nz)

Or visit the online [jobseekers](#) board. 

# All fire protection industry qualifications are now free

There has never been a better time to train, or retrain, on-the-job. All fire protection industry qualifications offered by Competenz are free from 01 July 2020 until 31 December 2022 for new and current learners.

There are also government wage subsidies available for employers of apprentices in their first two years of training.

Developed in conjunction with industry experts, our range of fire protection qualifications cover skills in fire detection and alarms, passive fire protection and hand-operated firefighting equipment.

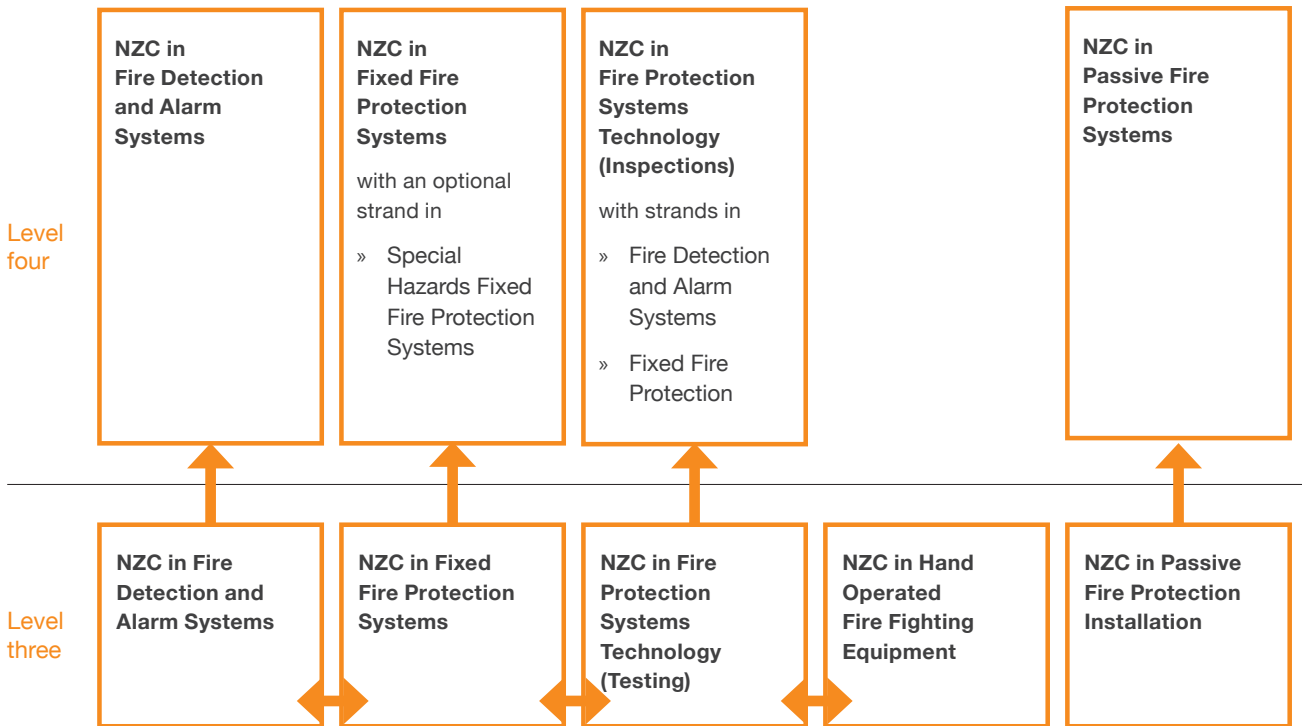

These qualifications take a step-by-step approach. Key benefits of the programmes are:

- » A combination of practical and theory to develop both knowledge and skills
- » Interactive learning available online 24/7
- » Covers critical health and safety aspects of your work
- » Competenz training advisor visits to support learners through their training
- » Nationally recognised qualifications registered with the New Zealand Qualifications Authority (NZQA).

## New Zealand Certificates in fire protection

Competenz has created logical pathways for learners to progress, with five New Zealand Certificates at level 3 and six New Zealand Certificates at level 4.

## Training with Competenz

Competenz is the industry training organisation (ITO) for the fire protection industry.

Developing highly skilled employees is critical to staying competitive, productive and safe. To do this Competenz works with industry experts to develop nationally recognised qualifications, mapping the skills needed and registering them with NZQA. Our team also develop training plans to make it easy for you to grow your employee's skills and productivity.

We do this in 37 industries with more than 3,500 businesses, helping over 20,000 people develop their skills on-the-job each year.

To find out more about the fire protection qualifications call our customer services team on 0800 526 1800 or email [info@competenz.org.nz](mailto:info@competenz.org.nz).

[www.competenz.org.nz](http://www.competenz.org.nz)

## What could you be eligible for as an employer or learner?\*

Free  
Apprenticeships  
and Targeted  
Traineeships  
(TTAF)

One of the following\*

Apprenticeship  
Boost

Mana in Mahi  
Extension

Regional  
Apprenticeship  
Fund

Select one from the following:

	Targeted Training and Apprenticeship Fund (TTAF)	Apprenticeship Boost	Mana in Mahi Extension	Regional Apprenticeship Fund
<b>What is it?</b>	Free fees on apprenticeships, plus traineeships in targeted sectors	Wage subsidy	Wage subsidy + additional pastoral care	Wage subsidy + additional business support
<b>How much could an employer get?</b>	All fees that an employer would normally pay to an ITO will now be covered.  This includes resources, block courses, night classes, study groups and e-learning fees.	Apprenticeship Boost will be available from August 2020 and runs for 20 months.  An apprentice who is in the first year of their apprenticeship will be eligible for \$1,000 per month, and an apprentice in their second year is eligible for \$500 per month for a maximum period of 20 months.	The wage subsidy will be increased – up to \$16,000 for a first year participant. Up to \$8,000 for a second year participant.  The fund pays for any training your employee needs before they start.  WINZ will also work with your employee to: <ul style="list-style-type: none"> <li>» Set achievable goals</li> <li>» Provide incentive payments to motivate them to meet their goals</li> <li>» Provide support to start their qualification or apprenticeship</li> <li>» Get their feedback on how things are going.</li> </ul>	The initiative allows for up to \$40,000 of support per apprentice.  This includes a wage subsidy of up to \$16,000 for the first year of training  Up to \$8000 for the second year.  It also includes additional funding to help with other business support and pastoral care so the employer and apprentice can successfully maintain the apprenticeship.
<b>What period does it cover?</b>	1 July 2020 to 31 December 2022 (30 months)	From August 2020 to March 2022 (20 months)	From August 2020, programme support will be extended from 12 up to 24 months.	More information to come
<b>What are the employer's/ apprentice's eligibility criteria?</b>	All apprentices are eligible – new and currently enrolled  All traineeships in targeted areas are eligible – new and currently enrolled, if they are enrolled in a L3-L7 qualification.  This does not currently cover pan-sector skills such as OSH, Sales, Distribution, Leadership, Business Administration.  All learners enrolling into a Competenz qualification must meet the entry requirements, with the aim of completing the full qualification, with the full support of their employer.	Employers of first and second year apprentices who are currently in, or newly enrolled in, a Tertiary Education Commission approved New Zealand Apprenticeship or a Managed Apprenticeship	Need to have a Mana in Mahi candidate through Work and Income employed as a first or second year apprentice, who is in a Tertiary Education Commission approved New Zealand Apprenticeship or a Managed Apprenticeship.  Otherwise need to employ a new apprentice through the Mana in Mahi scheme.	Need to employ a worker displaced by the effects of COVID-19 as well as be a person of Māori or Pacific descent.  More information to come.
<b>What do I do next?</b>	Nothing – Competenz will automatically apply the free fees to invoices for eligible learners, or credit enrolled learners based on their pro-rated fees post 1 July 2020.  Any questions, please email <a href="mailto:freetraining@competenz.org.nz">freetraining@competenz.org.nz</a>	Apply through WINZ  <a href="http://workandincome.govt.nz/work/apprentice-support">workandincome.govt.nz/work/apprentice-support</a>	Apply through WINZ  <a href="http://workandincome.govt.nz/work/apprentice-support">workandincome.govt.nz/work/apprentice-support</a>	Go to the WINZ website  <a href="http://workandincome.govt.nz/work/apprentice-support">workandincome.govt.nz/work/apprentice-support</a>
