FireNZ 2025 will be held in Auckland, New Zealand from Tuesday 7th – Thursday 9th October 2025.

The conference is once again presented by the Fire Protection Association of New Zealand, the Society of Fire Protection Engineers NZ Chapter, and the Institution of Fire Engineers New Zealand Branch.

Our annual FireNZ national conference has established a reputation as the premier fire industry event for keeping abreast of advancements in all aspects of fire safety in New Zealand.

This is an opportunity to showcase advanced cutting edge practices in fire protection engineering that are used to protect people, property and the environment from fire.

The FireNZ Conference and Tradeshow 2025 will provide you with the opportunity to create valuable connections and new business opportunities with key industry buyers, suppliers, stakeholders and leading international experts. Once again the tradeshow hours will suit our exhibitors and maximise the time spent with our delegates.

- Professionals involved in fire safety engineering, design and review of fire safety design, regulations development and enforcement, standards development, and developers of engineering design methods;
- Fire safety contractors involved in testing, installation, and inspection of fire safety systems and evacuation strategies;

Trade-show entry free for any technicians, contractors or employee of the industry.
