

# PASSIVE FIRE FOR THE DUPLEX HOME/ MULTI-TENANTED DWELLING

## Get it Right Seminar

### PASSIVE FIRE FOR THE DUPLEX HOME/ MULTI-TENANTED DWELLING SEMINAR

Specifically in the commercial building sector, Passive Fire has become a known integral part of the project. Duplex housing or multi-tenanted housing has become a common and growing part of the residential market in recent years.

This brings residential contractors into the commercial sector where standard house services such as plumbing pipes and electrical cables are now involved with fire walls and require firestopping to complete the fire cell integrity.

This seminar covers the basic principles of Passive Fire and provides an insight into the type of challenges that may arise for residential plumbers/electricians etc.

#### AGENDA INCLUDES:

- › Brief History of Fire
- › Understanding Passive Fire Protection
  - Life Safety
  - What is Passive Fire
  - Fire Resistance Rating
- › Evidence of suitability and Test Standards in NZ
- › Following tested details from Manufacturers
- › Passive Fire in the Design of medium density housing
- › Passive Fire in Construction of medium density housing
- › Examples of co-ordination for service contractors
- › Industry Guidance
- › Q&A opportunities throughout the seminar

#### PRESENTED BY:

Loren Olsen,  
FPANZ Training & Technical Manager

#### CHRISTCHURCH: 27 MAY 2024

**PRESENTER**

**LOREN OLSEN**

*FPANZ Training and Technical Manager*

Loren’s experience in Passive Fire started back in 2015 during her employment with a Passive Fire Distributor in the NZ market. In 2016 the passive fire product brand changed distributors and Loren was given the opportunity to take on the role of Category Specialist covering a national footprint under the new distribution company. She worked with all aspects of the construction industry to provide solutions and education on Passive Fire.

Recently in October 2023, Loren was appointed to become the training and technical manager for FPANZ, where her role involves developing/ delivering training content, assessments, and presentations on Passive Fire. She is engaged in building the training and delivery aspects within FPANZ, as well as working with industry stakeholders on specific projects such as regulation review and industry guidelines.
