

Getting it Right CERTIFICATION OF SPRINKLER SYSTEMS

– Smoothing the Waters

PRESENTED BY CHRIS MAK & STEPHEN RIDDER

ONLINE: 16 April 11am

Chris Mak and Stephen Ridder will present a brief presentation to outline some of the issues they see, which can make the certification of sprinkler systems problematic, or delay the construction program.

Some of the issues need to be addressed by the client’s design team, while others by the fire contractor.

This brief presentation will be beneficial to fire engineers, fire protection engineers, fire contractor designers and supervisors, FENZ Risk Reduction Advisors and others involved in the design and construction of buildings.

**45 minute seminar
plus 15 minutes Q&A**

COST: FREE TO MEMBERS*
• NON-MEMBERS \$50 each +GST

**Available to FPANZ Financial Members who are fully paid-up.*
